

## Versatile Cable for High-Res Streaming and Playback

Our high-performance Binary™ B6 HDMI cables are Premium Certified and support Ultra HD 4K and 18Gbps of bandwidth at 60Hz and 4:4:4 for your advanced video format needs. They're ready out of the box for High Dynamic Range (HDR), wide color gamut, Dolby® ATMOS, and more. Innovative engineering provides you with a high-quality cable that allows streaming and playback of high-resolution video, audio, data, and more to any type of system with the most recent HDMI specification.

### Premium HDMI Certified

The HDMI Premium Certification Program tests cables for full 18Gbps bandwidth support from the HDMI 2.0b specification with an EMI test to ensure minimal wireless interference.

### Our GripTek™ Guarantee

The Binary™ B6 HDMI cable features GripTek™ technology, an exclusive gripping technology that requires up to 8lbs. of pulling force to remove - 40% more than a traditional HDMI connector!

### Exceptional Strength and Flexibility

Our B6 Series cables feature die-cast metal shielding and a tough protective gel that runs from the head to the cable, along with an ultra-pliable jacket, for exceptional pull strength and flexibility in tight spaces, saving up to 1" behind equipment.

### Two-Way Audio With ARC

With this feature, you'll only need one HDMI cable to enjoy surround sound from your smart TV through your AV receiver, giving you a cleaner install.
